

Neosho R-5 School District and NHS Alumni Association

PHASE I OF THE NHS ALUMNI MEMORIAL FENCE PROJECT

Completed!

PHASE I:

The Neosho R-5 School District and the NHS Alumni Association are excited about the completion of the Memorial Fence in front of the high school. The fence is 870 feet long with 938 alumni names engraved on the bricks. The project was such a great success that we have chosen to begin Phase II.

It's Not Too Late ...

PHASE II:

To be a part of history in the making. The Neosho School District is now beginning phase II of the Memorial Fence. Your opportunity to join this event is now open, so don't hesitate as the deadline for participation is December 31, 2011. The Memorial Fence will replace the chain link fence around the north, west, and south ends of the football field. School employees, community members, alumni and graduates are all invited to purchase their memorial brick. The cost of each engraved brick is \$40.00, and honors the past, provides for the present, and is a memorial for future generations of Neosho patrons. So, act quickly as time is running out.

The Neosho School District and the NHS Alumni Association want to extend this invitation to you to participate in an opportunity to purchase a brick and show your support for your school.

Contact: Tonya Patterson @ 417-451-8600 Ext. 1102 to Purchase a Brick
